

Tayant Pay Technologies Limited

22nd November 2023

Airtel Zambia Mobile Money Team

AIRTEL ZAMBIA PLC

P.O BOX 320001

LUSAKA ZAMBIA.

Dear sir/madam,

I hope this letter finds you well. I am Subilo Sichembe, the CEO of Tayant Pay Technologies Limited, an aspiring startup specializing in facilitating cross-border payments by creating an application that sends and receives fund to and from customers.

Tayant Pay Technologies Limited is eager to explore a collaboration with Airtel Zambia's Mobile Money services. Our innovative payment application is designed to send and receive funds seamlessly across borders, and we recognize Airtel Money as a key player in the payment landscape.

Our objective is to integrate our application with Airtel Money to create a more efficient and automated system for fund disbursement and collection. This integration will enhance the user experience for both our customers and Airtel Money users.

As we progress through the Bank of Zambia Sandbox Program, we require integration with mobile money services to meet program requirements and develop a fully functional system. Airtel Money's popularity makes it an ideal partner for us in achieving this goal.

We kindly request access to the collection and disbursement APIs to facilitate the smooth integration of our application with Airtel Zambia's Mobile Money services. This collaboration will benefit both our companies and contribute to the advancement of financial technology in the region.

We believe this partnership has the potential for mutual success and are open to further discussions. Thank you for considering our proposal. We look forward to the opportunity to work closely with Airtel Zambia's Mobile Money Team.

Sincerely,

Subilo Sichembe

CEO, Tayant Pay Technologies Limited
